

## THE RESILIENT SOCIETY Conference (virtual)

March 3-4, 2022

### CALL FOR PAPERS

The International Centre for Economic Analysis (ICEA) invites papers to be considered for a virtual conference on **The Resilient Society**, the tenth conference in our *After the Pandemic* series.

The Covid-19 pandemic exposed how unprepared our societies were to a major shock. The pandemic – induced disruptions are continuing and may lead to long – term scarring of workers and firms. Building a resilient society necessitates rethinking and redesign of financial markets, fiscal and monetary policy, management of high government debt, regulation, information management, global trade and finance and climate change. Analysis of these challenges and how to deal with them will be the focus of the conference.

The conference is planned as interdisciplinary. We invite papers related to the general theme of the conference, in all fields, including economics, finance, management, law, sociology and political science.

The conference is open to both presenters and non-presenters. Registration is required.

### KEYNOTE SPEAKER: Markus Brunnermeier (Princeton University, NBER, CEPR and CESifo)

**Markus Brunnermeier** is Edwards S. Sanford Professor and director of Princeton's Bendheim Center for Finance. He is nonresident senior fellow at the Peterson Institute, a research associate at the NBER, CEPR, CESifo, the Luohan Academy, ABFER, a member of the Bellagio Group, Fellow of the Econometric Society and the recipient of the Bernácer Prize granted for outstanding contributions in the fields of macroeconomics and finance. His research focuses on international financial markets and the macroeconomy with special emphasis on bubbles, liquidity, financial and monetary price stability, and digital money. His recent book “The Resilient Society” won the Prize for the 2021 best business book in German and was listed among best economics books by the Financial Times.

### PAPER SUBMISSIONS

Authors should submit an extended abstract of up to 300 words. For papers in economics and finance, please include JEL classification codes for the paper as well as keywords. Complete papers may be submitted but the extended abstract is required. In case of more than one author, the name of presenter should be underlined.

**Proposals for sessions consisting of three or four papers are particularly welcome.** If you are interested in submitting a session, please send the session topic, author names, titles and abstracts, as well as the name of the conference, to [secretary@ICEAnet.org](mailto:secretary@ICEAnet.org)

## ABOUT THE ORGANIZERS

The International Centre for Economic Analysis (ICEA) is a non-profit, non-partisan organization dedicated to the advancement of research in economics and other social sciences. It is an international centre with chapters in Canada, at Wilfrid Laurier University in Waterloo, Ontario; in Poland, at the University of Warsaw and in Italy, at the University of Siena. The centre was called the Research Centre for Economic Analysis until September 2021.

ICEA envisions to become a network of academics and policymakers who collaborate to apply cutting-edge theoretical and empirical research relevant to economic policy. The centre welcomes diverse views on how to realize this goal. ICEA sponsors high quality research linkages in both interdisciplinary and international dimensions. We encourage long-term affiliation with the centre, and we especially encourage participation of graduate students and new PhDs.

To achieve these goals, ICEA organizes conferences, webinars and seminars at which leading economists, policymakers, industry practitioners, students, and other scholars can exchange and develop new insights and ideas. We are committed to the unrestricted exchange of research results and ideas, and our work is freely available online. Through outreach activities, we disseminate the results of our members' research to the decision makers and the general public.

ICEA is directed by the Board. Members of the Board have extensive experience with organizing conferences. Past speakers at these conferences included, among others, Philippe Aghion, Larry Ball, Steve Cecchetti, Steven Davis, Janice Eberly, Emmanuel Farhi, Jordi Gali, John Haltiwanger, Elhanan Helpman, Peter Howitt, Charles Jones, Larry Karp, Josh Lerner, Enrique Mendoza, Emi Nakamura, James Robinson, Barbara Rossi, Rick van der Ploeg, John Van Reenen and Joseph Zeira.

## PUBLICATION OPPORTUNITY

[\*Review of Economic Analysis \(REA\)\*](#), the official journal of ICEA, is planning to publish special issues from the conferences. The journal is open access, ABDC-ranked, peer-reviewed quarterly publication. ICEA aims to promote its further development as a top open access, general interest journal. REA is in its 13<sup>th</sup> year and is supported by the Social Sciences and Humanities Research Council of Canada (SSHRC). Submissions will go through the usual refereeing process. REA charges no submission or publication fees.
